Silver Knight Awards

What is a Silver Knight? The Miami Herald Silver Knight Awards is one of the nation's most highly regarded scholarship service programs. The purpose of the program is to recognize outstanding students who have not only maintained good grades but have also unselfishly applied their special knowledge and talents to contribute significant service to their schools and communities.

What are the qualifications?

- 12th grade students only, however, younger students are strongly encouraged to begin their involvement and service as early as possible.
- This is a community-service based award: your individual contribution/personal initiative secures a nomination/award – not cumulative hours.
- 3.2. unweighted GPA
- Category specific: one of (15) with appropriate academic concentration, though the major service project does not need to match the category.
- For more information, please see Ms. Madrigal.
