

# MAST @ FIU

Biscayne Bay Campus

## Community Service Requirements

As part of the high school graduation requirements and the MAST@FIU Biscayne Bay Campus educational experience, students are required to perform community service throughout their high school career. In keeping with this theme, MAST@FIU BBC students are required to complete a minimum of 25 hours of community service each year.

All students must use the attached Community Service Activity Log Form to record their community service hours. Additionally, students must obtain the signature of the adult who supervised their community service. Parents may not sign as a student's supervisor. Students must use one form for each supervisor they perform community service with. It is recommended that students select one activity and one supervisor for extended periods of time (e.g. quarter, semester or year) to reduce the amount of forms that are submitted.

Students may refer to [www.handsonmiami.org](http://www.handsonmiami.org) for ideas about how they may help their community. Examples include, but are not limited to, tutoring, cleaning parks and beaches, preparing care packages, volunteering at animal shelters, walk-a-thons, volunteering at hospitals and nursing homes, school beautification, and many more. Additionally, the faculty and staff of the MAST@FIU Biscayne Bay Campus will offer several opportunities throughout the year for students to participate in community service projects as part of their course, club or society affiliation.
